

# Roadtec Rebuild Winter Special

Special pricing on winter maintenance and rebuild jobs between now and February 2009

We work on all major brands of pavers, cold planers, material transfer vehicles, and soil stabilizers!

Certified rebuild locations throughout the U.S. and in Canada.

In addition to rebuilding or converting your equipment, we can also help you with your preventive maintenance program.

NEW – Environmentally friendly washdown system available as retrofit.

Complete component exchanges available for systems like conveyors, hydraulics, and more.

## Big Savings Available!

Now through February 2009.

Save even more on purchase orders issued before December 31, 2008.

Roadtec Rebuild offers a variety of customized programs. After a complete inspection, choose from several combinations of repairs up to and including a complete rebuild. Work will be done by Roadtec-certified technicians at any of our U.S. or Canadian rebuild facilities or at your shop.

**Call Today to Schedule an Assessment of Your Equipment!**  
**Toll-free 877.266.8882 or 423.622.9202**

Did you know Roadtec Rebuild also offers customized technical training programs for your people at your location? We'll train your staff to better monitor wear and performance, and we'll teach how to use preventive maintenance to save you money in the long run. Call the number above for more information.
